

Single Relevant Life

PRODUCT SUMMARY

What is a Single Relevant Life policy?

This policy provides a lump sum to the dependents of an employee who dies whilst covered by the scheme. The policy can only cover one employee and is only available when a registered or excepted group life product has also been purchased by the same employer. Equity partners cannot be included. The benefits are paid to the Trustees of the Excepted Life Trust so are normally free from inheritance tax.

There are usually no exclusions under the policy, although there is a maximum total amount that may be paid to the Trustees if multiple deaths across this policy and any other associated policy arise from the same cause. Employees cannot be covered under this policy beyond their 75th birthday.

The following is a high level outline of our Single Relevant Life Assurance product. For full information please refer to the Single Relevant Life technical guide or policy terms and conditions which can be found on our website.

Insurance Act 2015 – paying claims in full	The employer has a duty to make a fair presentation of the risk to us. If they do not fairly present the risk and we would have charged a higher premium (if we had known the omitted information), the Insurance Act 2015 allows us to proportionately reduce the claim amount (but not charge the higher premium). We believe it is fairer to contract out of this part of the Insurance Act 2015. By contracting out we can pay those claims in full, rather than proportionately, whilst charging the employer the correct higher premium (and apply any other different policy terms which we would have applied if we had known the information).
