

# Registered Group Life Insurance

## Product Summary

### What is Registered Group Life Insurance?

Registered Group Life Insurance provides a tax-free lump sum to the dependants of an employee who dies whilst covered by the policy. The benefit is paid into a Registered Trust so is normally tax free unless the member's lump sum and death benefit allowance is exceeded.

There are usually no exclusions under the policy, although there is a maximum total amount that may be paid if multiple deaths arise from the same cause. Employees can't be covered under this policy beyond their 75th birthday.

The following is a high level outline of our Registered Group Life insurance. For full information please refer to the Registered Group Life Insurance Technical Guide or Policy Terms and Conditions which can be found on our website [aiglife.co.uk](http://aiglife.co.uk).

Insurance Act 2015 – paying claims in full	The employer has a duty to make a fair presentation of the risk to us. If they don't fairly present the risk and we'd have charged a higher premium had we known about it, the Insurance Act 2015 allows us to proportionately reduce the claim amount rather than charge a higher premium. We believe it's fairer to contract out of this part of the Insurance Act 2015, so that we can pay those claims in full, whilst charging the employer the correct higher premium (and apply any other different policy terms which we'd have applied if we had known the information).
